

Dear Dr Corentin Briat

I am writing to express my sincere gratitude for your contribution as a reviewer for IET *Control Theory & Applications* over the past year.

The success of the journal depends on the support and the technical expertise of our reviewers, and out of over 1000 reviewers in 2016, we have selected the top 2% most active ones. With this letter I would like to acknowledge your outstanding work as a referee for IET *Control Theory & Applications*.

I would be pleased to send a copy of this letter to the Dean or Department Head of your institution, and you can forward their details to [james.lam@hku.hk](mailto:james.lam@hku.hk).

Yours sincerely,

Professor James Lam  
The University of Hong Kong  
Editor-in-Chief, IET Control Theory & Applications
